## Return to Training – BLUEFIN INSURANCE SUPPORT

### **What organisations are covered under the FAWs Bluefin insurance policy?**

This cover is for directly FAW affiliated or Area Association affiliated clubs only.

The guidance offered by the FAW is in line with Welsh Government legislation. Please be aware that if FAW guidance is ignored the insurance policy would not respond.

### **Will the FAW club insurance cover both club / players with regards to Coronavirus, as earlier guidance March stated clubs wouldn't be covered Is liability insurance in place please? Councils will not allow clubs to play until this is in place.**

Coronavirus is not excluded from the policy, however the policy is only operative if the insured follows guidance and legislation of the governing body and government. So essentially whilst the county was in an enforced lockdown and no football could be undertaken the policy would not respond.
